#### GENERAL

RBSBC started an information whatsapp group called RBSBC All Members. We encourage members to join this group as it is used for information sharing. Members will get daily updates of functions, specials, competitions and other club related information. This is a one-way communication group.

RBSBC Skippers group was started by the skippers to share information on catches, pictures of their daily catches, weather predictions and other relevant information. This is a two-way group and we urge members not to use the platform for slandering other members.

Unfortunately, there will always be members who ignore the club rules. This is a member's club and we urge members to get involved and assist the committee. We as the committee cannot be at the club 24/7, please help us and report any wrongdoing. Thank you.
